and/or a past meeting agenda held on any day

due to (list the general nature of reason):

see attached.

Andrea Budarick

Signature of Member

Date: April 28, 2021

Declaration of Conflict of interest:

Given I had a complication joining the last meeting by phone April 14 2021 and I missed the call for declarations of conflicts of interest I now make the following declarations both publicly and in writing as directed at the April 28 2021 Special Council meeting:

For special council meeting April 28 and April 14 2021

I declare a direct pecuniary interest conflict on all items of spending, revenues, expenditures past current and forecasted for legal and IC investigation, inquires or reports billed in any periods for which numbers may be reflected in materials provided, discussed and or suggested or referred to:

- 1. as a result of the on-going application before the courts**
- 2. as a result of complaints filed against me, investigations, reporting or any billed action by our IC or those hired by her**

And I declare:

Indirect pecuniary interest as a result of my having profit gained from doing business with Hannah's food mart who has an ongoing legal proceeding unresolved and ongoing before the courts

And further I declare:

Deemed direct pecuniary interest resulting from the fire charges at 2499 Schutt Road as that property is owned by y son and his interest is viewed as my own

I have attempted to gain clarifications on the above to correctly and clearly identify where specifically they are reflected and in what amounts that I might declare on those specific items but that has not been afforded me.

As a result, in caution and duty I advise council and the public that these conflicts exist for me and I therefore will not participate in those general topics.
