## Reason for this Report

To provide Council with information regarding periodic lawn care.

## Recommendation

“THAT Council for the Corporation of the Township of Brudenell, Lyndoch & Raglan directs the Operations Manager to sign an agreement with Jessup Property Care for bi-weekly lawncare maintenance for Municipal properties.”

## Facts and Issues

With summer on the door staff are preparing for upcoming property maintenance including grass cutting/trimming. Generally, grass cutting was performed in the past by public works staff when time allowed. Last season staff were committed to many ongoing road projects and maintenance activities that resulted in neglect to lawn care. This year is predicted to be just as busy as last which will push some aspects of property maintenance to less of a priority. Many complaints were received from the public last season with regard to the lack of grass cutting/trimming. In order to mitigate this problem staff have planned and budgeted for lawncare maintenance leading up to and following the summer student program. The approximate cost of this is \$4000.00, however will depend on weather should more or less maintenance be required.

## OPTIONS:

1. Do nothing, leave the grass grow until the summer students start.
2. Contract services out for approximately \$4000.00 to Jessup Property Care.

**Report Date:** April 24, 2024  
**Date of Council Meeting:** May 1, 2024  
**Prepared By:** Tammy Thompson  
**Approved By:** Virginia Phanenhour

## Reason for this Report

To provide Council with advice regarding Canada Summer Jobs Grant.

## Recommendation

[Click or tap here to enter text.](#)

## Facts and Issues

As approved by Council, three positions were applied for in the Canada Summer Jobs Grant 2024. One each for Public Works Department, Parks and Recreation and Waste Site Attendant Assistant. The Township was approved for one position, Waste Site Attendant Assistant. This will leave our Public Works Department shorthanded and no students for grass cutting at the parks and beaches. The Public Works Department does not have enough staff to take on the extra work load of grass cutting.

In addition, the approved amount is for 8 weeks at 35 hours per week. The position is a 40-hour work week.

Looking ahead to next year's application for the Canada Summer Jobs Grant, staff is recommending to increase the summer student wage. This increase will add points to the scoring of the application and may increase the probability of being approved for more positions.

## Options

- Option 1 Do Nothing – No grass cutting at parks and beaches, arena and ball field and leave Public Works shorthanded.
- Option 2 Approve the expenditure of 2 summer student wages for an 8-week period at 40 hours per week and top up the Waste Site Attendant Assistant to a 40-hour week. This would cost \$10,592 for the two students and \$662.00 to top up the hours for the approved position.

Option 3      Top up Waste Site Attendant Assistant to a 40-hour week (\$662.00). Out source the grass cutting to a local contractor at a cost of approximately \$2,000-\$3,000 depending on frequency. Be aware that the summer students perform more than just grass cutting such as maintaining the ball field at Four Seasons Park, other maintenance duties, community garden maintenance, dock installations, general yard maintenance and outdoor cleaning at the garages.

David Ryan  
Cheryl Hudder  
Kevin Richardson

#### 3 Adoption of Agenda

THAT the agenda is adopted as presented.

#### 4 Confirmation of Minutes

There are no minutes to adopt as this is the first meeting.

#### 5 Old Business

No Old Business to discuss.

Discussion on the logistics of a Recreation Committee. What the committee covers, what is their umbrella. How the budget process works. Possibility of sub-committees and expanding the existing committee. Types of events other sub-committees could lead. Discussed the possibility of advertising for more members and volunteers.

#### 5.1 Reciprocal Agreement with RCDSB

Tammy at the TWP Office is in contact with RCDSB to look into the possibility of entering into a reciprocal agreement with the school board. It would basically mean trading services. Use of the school gym for one day a week (Mondays 6-9pm) for pickle ball, in exchange for the students using the ice surface for gym class. If we look at the hours that the school uses the

ice surface it would allow for approximately 15 possible days of use of the gym. Keep in mind that this agreement has NOT YET been passed and all details still need to be sorted out, at this point it is still only a possibility. If the school board is not in favour of the reciprocal agreement; the cost for a Community Use of Space is quite substantial. Recreation Committee also suggested that the school could possibly use the pickleball nets as well.

## Warden's Address

### Key highlights

- Warden Peter Emon highlighted areas of the 2024 Provincial budget, which was released March 26, that will impact the County of Renfrew – continued funding for the Renfrew County Virtual Triage and Assessment Centre (RC VTAC); a path for funding the new mesa program; a new \$1 billion Municipal Housing Infrastructure Program; an increase to the Housing-Enabling Water and Sewer Fund, including communal systems, and a new \$200 million community, sport and recreation infrastructure fund that may help aging facilities in our communities. The County will continue to advocate for our fair share of infrastructure funding, including a commitment for Highway 17 expansion to and beyond the Town of Renfrew.
- He noted the early warm weather combined with the early snow melt and lower than usual precipitation this past winter is resulting in dry conditions that could result in an early fire season. Local municipal fire departments have already been called to grass and brush fires, prompting some departments to implement fire bans. He asked residents to be extremely careful with any open air burning.

During the month of March 2024, Warden Peter Emon attended 18 meetings on County business.

- On March 8, he had the opportunity to participate in the Upper Ottawa Valley Chamber of Commerce International Women's Day event. He acknowledged female staff and expressed appreciation for their dedication and hard work.
- On March 19, the Warden and CAO Craig Kelley met with the Eastern Ontario Wardens' Caucus (EOWC) for the afternoon to discuss the EOWC Regional Housing Plan, which also included a meeting with the Prime Minister's Office. During the meeting, they advocated for the '7 in 7' Plan, referencing that affordable rental housing and attainable rental is out of reach for so many in the region, largely because of a lack of supply.
- Also on March 19, he, Mr. Kelley and Daniel Burke, Treasurer/Manager of Finance, attended the Pembroke City Council meeting to present the County's 2024 operating budget. They also introduced the mesa initiative.
- On March 21 and 22, the Warden and CAO were in Kingston to attend EOWC planning sessions, which included Strategic Plans, Strategic Initiative Framework, and additional projects analyzed to determine common themes and action items across the EOWC members.

## Delegations

- Lorenz Kelo of North Algona Wilberforce was honoured with a certificate presentation by Warden Peter Emon and County Councillor James Brose. Mr. Kelo recently received the Ontario Senior Achievement Award recognizing his more than 25 years of dedicated volunteer service to community causes close to his heart, including the Rankin Recreation Association with property maintenance and fundraising events; the Eganville and District Seniors Citizen Needs Association as a driver for Meals on Wheels, driving twice a week to reach isolated, at-risk seniors; and later as the chair of Home Support Services. Mr. Kelo calls volunteering satisfying work and it is something he will continue if he is able. He previously served 28 years as a municipal councillor.

## Finance & Administration Committee

- Save the Date: The 17<sup>th</sup> Annual Warden’s Golf Tournament, taking place Friday, June 7, 2024 at the Dragonfly Golf Links in the Township of Admaston/Bromley. Details about the event are still being finalized but an update will be provided once registration is open.
- County Council adopted a revised By-law to Establish and Require Payment of User Fees and Charges. Among the changes are increases to hourly rates for administration services since the rates had not been increased since 2016. There is also a new \$750 fee within Public Works and Engineering for speed/traffic review requests.

## Community Services Committee

**Presented by: Anne Giardini, Chair**

- In the pursuit of tackling chronic homelessness within Renfrew County, an interdisciplinary collaborative team of County staff, in partnership with community service providers, is moving forward with a transitional supportive housing model. With a clear vision of prioritizing a “Housing First” approach, this model aims to establish supportive transitional housing for individuals enduring chronic homelessness, defined as lasting more than six months and compounded by health complexities such as mental health disorders and/or addictions. County staff is diligently crafting a memorandum of understanding to secure rental acquisition of approximately 20 units within the Pembroke area. The ambitious objective is to welcome the first guests into their new homes by the fall of 2024, marking a significant stride towards addressing homelessness and fostering stability and health within the community.
- The County of Renfrew is hosting an Affordable Housing Summit on April 4, 2024, at the myFM Centre in Renfrew. This full-day event will bring together industry experts and potential partners to delve into opportunities of using vacant municipal land, innovating around existing properties and fostering collaboration to tackle pressing housing needs. Developers, non-profit organizations, and companies interested in exploring development opportunities are encouraged to secure their seat by registering on [Eventbrite](#).

# Development & Property Committee

Presented by: James Brose, Chair

- Progress continues on the multi-unit affordable and supportive housing complex at the corner of Lea and Douglas Streets in Pembroke, Ontario. A [Zencity](#) webpage for the project features construction updates and provides the viewer with a description of the project along with progress images. The overall project is approximately 70% complete.
- Work on the retrofit of the new Eganville Paramedic Base is ongoing. A [Zencity](#) webpage for the project features construction updates and provides the viewer with a description of the project along with progress images. The overall project is approximately 60% complete.
- Tenders were requested for the construction of a Storage Shed at Renfrew County Place, 450 O'Brien Road, Renfrew, Ontario. The contract, in the amount of \$128,600, has been awarded to Stephen Sons Construction Inc., Douglas, Ontario.
- The County of Renfrew entered into an Enterprise Licensing Agreement (ELA) with ESRI in 2022 for the use of their product for both the County and local municipalities. The funding is being covered by the County of Renfrew and the modernization grant for the first three years. This agreement provides unlimited license access to ESRI's ArcGIS Software, including ArcGIS and ArcPro, at all software levels and specialized extensions for technical data analysis. Additionally, we now have unlimited ESRI usernames that grant access to ArcGIS Online for both the County and local municipalities, web maps and applications can be created and published. This year is a great opportunity to test out field maps, Survey123, and Quick Capture with staff and summer student positions. Examples of how the tools can be used includes public works, planning, tourism, asset management, tracking/inspections of licensed items (i.e. complaints, dog tags, short-term rentals, trailers, etc.).
  - If municipalities require assistance in setting up a work plan for data collection or upgrading existing information, they can reach out to the County's GIS team. In 2025 the three-year financing arrangement will expire. Staff will be developing a cost-sharing plan with all 17 municipalities to ensure the continuation of the ELA.
- Staff has initiated an Official Plan Amendment No. 44 (OPA 44) to implement alternative notice provisions due to the changing print media landscape locally, which makes providing printed notices for meeting under the Planning Act impossible for some municipalities. The Planning Act allows for local alternatives for providing notice, on the requirement that the Official Plan contains policies specifying details of the alternative notice. The County has circulated a draft wording of the proposed policy changes to local municipalities for comments. The Development and Property Committee will host the required public meeting in accordance with the Planning Act on April 9, 2024 at 9:30 a.m. at the start of the meeting.
- The Town of Deep River adopted Official Plan Amendment No. 6 to the Town's Official Plan. The County of Renfrew provided approval for the amendment, which proposed to re-designate the lands from Residential to Residential – Exception Five, to permit future development on partial servicing (municipal water and individual septic systems). The new policies are proposed to ensure that future residential development will be designed to be compatible with the surrounding neighbourhood.
- County Council directed the Warden to send a letter to the Honourable Chrystia Freeland, Deputy Prime Minister and Minister of Finance, and the Honourable Pablo Rodriguez, Minister of Transport, in support of modernizing VIA Rail's long-distance, remote and regional fleet to

provide passengers with a more reliable, appropriate, comfortable, sustainable and accessible travel experience.

- County Council adopted the Ottawa Valley Tourist Association (OVTA) 2024 budget as presented. The OVTA, the City of Pembroke, and the County of Renfrew are partners in the delivery of tourism marketing and tourism business development for the City of Pembroke, Renfrew County, and the Ottawa Valley. The annual budget approval is obtained first by the OVTA Board of Directors, secondly by approval of City of Pembroke Council and thirdly, by approval of County of Renfrew Council.
- County Council directed the Warden to send a letter of support to the Minister of Natural Resources and Forestry, and the Premier's Office, for biomass initiatives that can benefit the wood basket of Renfrew County mills. Staff will continue its engagement and support of the forest sector on any biomass project possibilities in our area.
- County Council approved a contract in the amount of \$386,524.31, plus applicable taxes as submitted by Grand-Calumet Construction Inc., Luskville, Québec for the rehabilitation of three bridges located on the Algonquin Trail, around Garrison Petawawa, near Deluthier Road and Landry Road, Town of Laurentian Hills.

## Health Committee

**Presented by: Michael Donohue, Chair**

- County Council directed staff to meet with the Renfrew County and District Health Unit, and Ottawa Public Health where appropriate, to discuss shared/combined service delivery models. A report containing the results and recommendations will be brought back to the Health Committee for consideration. County Council also directed the Warden to send a letter to the Honourable Sylvia Jones, Ontario Minister of Health, to consider such conversations in the same category as has been suggested throughout the consideration of voluntary health unit mergers.
- Community Paramedics were invited to the Algonquins of Pikwàkanagàn First Nation for an extensive third-party mental health training session led by the Algonquins of Pikwàkanagàn First Nation Mental Health Team. This specialized training equipped practitioners with enhanced skills and knowledge to engage and align with relevant local and broader knowledge and initiatives within the indigenous health circle.
- Community Paramedics engaged in meetings with stakeholders at the Grind Pembroke to discuss the creation of a comprehensive plan to provide support and resources for the precariously housed and mental health population in Renfrew County.
- County Council adopted a By-law to accept the Community Emergency Preparedness Grant – Transfer Payment Agreement that outlines the approved funding and required actions to receive \$49,600 in support of emergency preparedness in the County of Renfrew.
- County Council adopted a By-law authorizing the Warden and Clerk to sign a Letter of Agreement with the Pembroke Regional Hospital as represented by the Mental Health Services of Renfrew County (MHSRC) to provide Mental Health services to assist individuals in navigating the mental health care system through the mesa project, with the goal of reducing the number of community deaths and visits to hospital emergency departments.

# Operations Committee

Presented by: Glenn Doncaster, Chair

- During the 2024 construction season, staff intends to issue monthly updates on construction projects being undertaken by the Public Works and Engineering Department. The update, provided through a link on the County of Renfrew website, will connect to the [Zencity](#) engagement platform for the 2024 Transportation Infrastructure Projects, will be shared with County staff, County Council, local municipalities, OPP, and on social media. The 2024 Transportation Infrastructure Projects page provides the option for individuals to subscribe and receive notifications when a monthly project update is posted. The first update will commence during the first week of April and will describe all projects planned for 2024.
- A Request for Proposal (RFP) was issued to prequalified firms for the inspections of County of Renfrew and Town of Petawawa structures. A total of 126 County structures were included for the standard Ontario Structure Inspection Manual (OSIM) inspections, 12 County structures for enhanced OSIM, and 8 County structures for structural evaluation for the purposes of load posting evaluations. Two Town of Petawawa structures were also included as part of the standard OSIM inspections. Committee directed staff to proceed with awarding the contract, in the amount of \$101,900.58, to HP Engineering Incorporated, Ottawa, Ontario. Staff will be invoicing the Town of Petawawa for their two structures once the inspections are completed.
- County Council passed a resolution to implement a \$750 fee for speed/traffic review requests generated outside of the Corporation of the County of Renfrew. To achieve a balance between the quantity of applications and the associated expenses for the requested studies, a fee of \$750 covers the services of the Infrastructure Technician. This includes tasks such as installing and overseeing data collection, interpreting the gathered data, and drafting a report for County Council.
- County Council supported the Township of Madawaska Valley request for the realignment of County Road 62 and Highway 60 to a maximum upset limit of \$175,000, pending approval of Madawaska Valley's application to the Connecting Links program.
- County Council adopted a resolution for the development of a Municipal Operator Course at Fanshawe College which was initiated by the Association of Ontario Road Supervisors (AORS).
- County Council supported the resolution from the County of Lambton requesting the Province of Ontario upload from local municipalities the responsibility of and costs associated with the continued construct, operation and maintenance of major municipally-owned highways throughout the Province of Ontario to the Ontario Ministry of Transportation or increase the Ontario Community Infrastructure Fund to municipalities.
- County Council directed staff to move forward with incorporating white vehicles as part of their fleet for future purchases. Under the direction of the Operations Committee, staff initiated a survey, conducted by the Renfrew County Supervisors Association, to explore the idea of having all upper-tier and lower-tier municipal public works vehicles coordinated to be the same colour (white) and specifications in the future. Eight lower-tier municipalities, responded to the survey, with the majority indicating they have already moved in the direction of transitioning to white vehicles.
- The rehabilitation of County Structure C012 (Farquharson's Culvert), on South McNaughton Road, Township of Admaston/Bromley, will not proceed as tendered as the lowest tender came in well over budget. Staff will continue to monitor the service life of the structure.

- County Council adopted a By-law designating County Road 16 (Victoria Street) at Wolfe Avenue as a Pedestrian Crossover. Public Works and Engineering staff conducted a review of the proposed location, including a traffic count, to determine if the location meets the warrants for a dedicated pedestrian crossover. The results indicate that the location does not meet the warrants for a pedestrian crossover based upon the total traffic and pedestrian volumes. Regardless of the findings, staff is in favour of permitting the installation since the Town Council has shown its support and tendered the installation as part of an upcoming Town construction project. It is noted that the location does provide a link between a Town trail and Municipal sidewalks, although it does not appear that most pedestrians use this location to cross Victoria Street.
- County Council approved several contracts as submitted:
  - For the rehabilitation of County Structures C001 (Berlanquet Creek Culvert), located on County Road 5 (Stone Road), Township of Admaston/Bromley and C134 (Campbell Drive Culvert), located on Campbell Drive, Township of McNab/Braeside to Clearwater Structures Inc., Ajax, Ontario in the amount of \$833,656.50, plus applicable taxes.
  - For the rehabilitation of County Structure C204 (Bellows Creek Culvert), located on County Road 12 (Westmeath Road), approximately 4.5 km east of County Road 21 (Beachburg Road), Township of Whitewater Region to Premier North Ltd., Huntsville, Ontario in the amount of \$963,752, plus applicable taxes.
  - For pavement marking to Trillium Pavement Marking (TPM), Carleton Place, Ontario, in the amount of \$690,471.23, plus applicable taxes. This is an extension of the 2023 contract.

Resolution #011 (April 2, 2024)

Moved by Deputy Mayor Brian Abdallah

Seconded by Councillor Troy Purcell

Whereas the well-being of our community members is of paramount importance, and addressing mental health and substance use disorder is crucial for the overall health and safety of all our residents; and Whereas the County of Renfrew, like many other regions, faces significant challenges related to mental health and addiction, with individuals and families grappling with the devastating impact of these conditions; and Whereas timely access to specialized treatment and residential rehabilitation services and transitional housing is essential for those struggling with mental health issues and substance use disorders; and Whereas we need to address the urgent need for additional treatment beds, especially for adults requiring intensive supports, and to improve access to care in rural, Northern, and Indigenous communities; and Whereas the number of drug-related deaths in the County of Renfrew, as a whole, is on the rise underscoring the critical importance of accessible treatment options for those at risk of negative impacts including overdose and death; and

Whereas the establishment of a mental health, drug addiction treatment and residential rehabilitation facility serving the County of Renfrew would provide the following benefits:

1. Local Accessibility: Residents would have access to specialized services without the burden of traveling long distances, ensuring timely intervention and continuity of care.
2. Holistic Approach: The facility could offer integrated care, addressing both mental health and substance use disorders concurrently, thereby improving outcomes for clients.
3. Community Support: By providing a safe and supportive environment, the facility would contribute to reducing stigma and fostering community understanding of mental health and addiction.
4. Collaboration with Existing Services: The facility could collaborate with existing community organizations, healthcare and social service

**RE: Guelph City Council Resolution to Support the Decision of the Ontario Energy Board (OEB) to End the Subsidization of Fossil Gas**

Dear Premier Ford and Minister Smith,

Guelph City Council at its meeting held on March 26, 2024 passed the following resolution in support of the Ontario Energy Board (OEB) decision to revise the revenue horizon for calculating the upfront cost for new natural gas connections, and to end the Gas Pipeline Subsidy:

WHEREAS, residents are struggling with energy bill increases and need relief;

WHEREAS, natural gas is no longer the cheapest way to heat homes because electric heat pumps are now much more efficient, can provide all heating needs even in the cold climates, and result in far lower energy bills over the long term compared to gas heating;

WHEREAS, natural gas is methane gas, which is a fossil fuel that causes approximately one-third of Ontario's GHG emissions, and must be phased out because it is inconsistent with all climate targets, while heat pumps result in the lowest GHG emissions and are consistent with a zero-carbon future;

WHEREAS, the Ontario Energy Board ("OEB") decided to end a subsidy for methane gas pipelines to be built in new construction developments, effective 2025, finding that this would lower energy bills for existing gas customers and improve affordability for new homebuyers, but this decision is at risk of being overturned by the provincial government;

WHEREAS, the OEB decision will help lower energy bills and encourage heating systems that are consistent with climate targets and plans;

WHEREAS, the construction of new methane gas pipelines, which have 60-year lifetimes, should not be subsidized because they are inconsistent with the City's climate targets and will result in higher carbon emissions, higher energy bills, higher future decarbonization retrofit costs to get off fossil fuel heating, and a continued financial drain as dollars leave the province to pay for fossil fuels extracted in other jurisdictions;

WHEREAS, Guelph City Council acknowledged the climate crisis (May 2019), passed a resolution to support the phase-out of gas-fired energy plants by 2030 (December 2020); and passed a resolution of support to the United Nations Race to Zero commitment (December 2021);

WHEREAS, transforming our existing and new buildings by supporting actions that improve the energy efficiency and GHG profile within the City is a stated goal of our Community Energy Initiative (CEI), our Official Plan and our Strategic Plan;

WHEREAS, the City of Guelph is actively working to support the decarbonization of heating and cooling systems in existing and future building stock within the community, as demonstrated by the Guelph Green Homes Energy Retrofit Program, which will provide 0% interest loans to Guelph homeowners to enable them to transition away from fossil-fuel powered heating and cooling equipment to low carbon air or ground source heat pump systems.

THEREFORE, BE IT RESOLVED:

(a) That the City of Guelph expresses its support for the decision of the Ontario Energy Board to end the fossil gas infrastructure subsidy and requests that the Ontario Government withdraw Bill 165 and allow the OEB decision to stand; and

(b) That this resolution be circulated to the President of Association of Municipalities of Ontario, Colin Best; Premier of Ontario, Doug Ford; Minister of Energy, Todd Smith; Minister of Finance, Peter Bethlenfalvy, MPP Mike Schreiner, and all Ontario Municipalities requesting support for the proposed changes.

## RESOLUTION

### RESOLUTION NO. 10

**DATE:** April 10<sup>th</sup>, 2024

**MOVED BY:** Netty McEwen

**SECONDED BY:** John van Klaveren

### **RE: SECURING ACCESS TO NATURAL GAS FOR OUR COMMUNITY AND ONTARIO**

---

WHEREAS Access to natural gas is important to residents and businesses in our community for affordability and reliability.

WHEREAS The Ontario Energy Board's (OEB) decision on Phase 1 of the Enbridge Gas 2024 rebasing application, issued on 21 December 2023, has concerning implications including putting into question the future access to natural gas that support of economic development, affordable housing growth, and energy reliability in communities such as the Town of Plympton-Wyoming.

AND WHEREAS Ontario is growing and access to affordable energy to support this growth for homes and businesses is crucial, and is a measured approach to energy transition as not having access to natural gas will stifle economic growth and put housing and energy affordability at risk.

NOW THEREBE IT RESOLVED:

1. THAT the Town of Plympton-Wyoming supports a measured approach to Ontario's energy transition.

AND THAT the Town of Plympton-Wyoming recognizes that there may not be enough electricity available to replace the energy provided by natural gas and meet the increased demand from electrification.

2. THAT Natural gas must continue to play an integral role in meeting the energy needs of Ontario.

3. THAT the Town of Plympton-Wyoming supports the work the Government of Ontario has done to date, including the Natural Gas Expansion Program and Electrification and Energy Transition Panel's call for a clear policy on the role of natural gas to secure access to affordable energy.

4. THAT this resolution be circulated to the President of AMO, Colin Best, Hon. Doug Ford, Premier of Ontario, Hon. Todd Smith, the Minister of Energy, Bob Bailey Member of Provincial Parliament for Sarnia-Lambton, all regional municipalities as significant actors to ensuring the need for natural gas in Ontario as part of a measured approach towards energy transition, and submitted to [municipalaffairs@enbridge.com](mailto:municipalaffairs@enbridge.com).

**RE: Township of Adelaide Metcalfe – Request to Increase Tile Drain Loan Limit**

Dear Minister Thompson,

On March 18, 2024, the Township of Adelaide Metcalfe Council approved the following resolution:

*WHEREAS farm drainage is of paramount importance in Ontario due to its significant impact on agricultural productivity and sustainability. Effective drainage systems help mitigate waterlogging, control soil moisture levels, and enhance soil structure, thereby optimizing growing conditions for crops;*

*WHEREAS improved drainage also facilitates timely field operations, reduces erosion, and minimizes nutrient runoff, contributing to environmental conservation efforts;*

*WHEREAS Ontario's diverse agricultural landscape, where weather variability is common, well-maintained drainage systems play a crucial role in ensuring stable yields, economic viability, and long-term resilience for farmers across the Province;*

*WHEREAS the Tile Loan Drainage Act, R.S.O 1990, c. T.8 allows for the borrowing of money for the purpose of constructing drainage works;*

*WHEREAS the maximum annual limit for these loans, unchanged since 2004, is currently set at \$50,000.*

*WHEREAS costs for Tile Drainage has increased markedly since 2004;*

*NOW THEREFORE the Council of the Township of Adelaide Metcalfe requests that the Province through the Ministry of Agriculture, Food and Rural Affairs (OMAFRA) consider increasing the maximum annual Tile Loan limit to a minimum of \$100,000.*

*AND THAT this resolution be circulated the Honourable Lisa Thompson – Ministry of Agriculture, Food and Rural Affairs (OMAFRA), the Association of Municipalities of Ontario (AMO), the Rural Ontario Municipal Association (ROMA), and all Ontario municipalities.*

Household food insecurity is one of the strongest predictors of poor health, making it a serious public health issue (PROOF, 2023). Individuals who are food insecure are at higher risk of diet-related diseases like diabetes and are at higher risk for a wide range of chronic conditions such as depression and anxiety disorders, arthritis, and chronic pain. Household food insecurity leaves an indelible mark on children’s health and well-being (PROOF, 2023). The experience of food insecurity in childhood is associated with mental health concerns throughout childhood and into early adulthood (PROOF, 2023). In Ontario, the healthcare costs of individuals who are the most food insecure can be more than double that of individuals who are food secure (PROOF, 2023, Tarasuk et al., 2015).

Thank you for your attention to this important issue – the solutions for which will not only help many Ontarians in need but also protect the sustainability of our critical health and social services resources.

## Proposal summary

We are proposing a regulation specifying the circumstances under which the Minister may issue an order to prevent a conservation authority from making a permitting decision and make the permitting decision in the place of a conservation authority or may undertake a review of a conservation authority permitting decision.

## Proposal details

Conservation authorities regulate development and other activities through a permitting process under the *Conservation Authorities Act* for the purposes of natural hazard management and to protect people and property from natural hazards, such as flooding and erosion. Each conservation authority implements the permitting framework based on provincial legislation, regulatory

requirements, and technical standards, as well as conservation authority board-approved policies that outline how the conservation authority administers regulations locally.

Recently proclaimed provisions in the *Conservation Authorities Act* and associated regulations came into effect on April 1, 2024, including new powers for the Minister to 1) issue an order to prevent a conservation authority from issuing a permit and to take over the permitting process in the place of a conservation authority, and 2) review a conservation authority permit decision at the request of the applicant.

The Ministry is proposing a regulation which would set out the circumstances under which these powers could be used. If the regulation is approved, public guidance would be made available on the criteria and processes outlined in the regulation.

## 1. Permits issued by the Minister

Existing requirements under the *Conservation Authorities Act* regarding permits issued by the Minister under section 28.1.1 include:

- The Minister may issue an order directing a conservation authority not to issue a permit to a specific individual to engage in a specified activity, or to persons who may wish to engage in a certain type or class of activity, that would be prohibited under section 28 without a permit.
- The Minister's decision to issue an order is discretionary, and it may be issued either before or after an application for a permit has been submitted to the relevant conservation authority.
- Notice of any order must be provided to affected conservation authorities, any person who applied for the permit in question prior to the order and be posted on the Environmental Registry of Ontario (ERO (Environmental Registry of Ontario)) within 30-days.
- If an order made, the Minister has the power to issue a permit in place of the conservation authority. When making a permitting decision, the Minister is required to satisfy the same criteria concerning natural hazards and public safety that are considered by conservation authorities. This includes whether the activity is likely to affect the control of flooding, erosion, dynamic beaches or unstable soil or

bedrock. It also must consider whether the activity is likely to create conditions or circumstances that, in the event of a natural hazard, might jeopardize the health or safety of persons or result in the damage or destruction of property.

- The Minister may refuse the permit or issue a permit subject to such conditions as the Minister determines are appropriate.

### **Proposed additional requirements that would be set out in regulation include:**

- The Minister may make an order to prevent a conservation authority from making a permitting decision and take over the permitting process only if the development activity or type or class of permits pertains to or supports a specified provincial interest, including:
  - Housing (community, affordable and market-based)
  - Community services (health, long-term care, education, recreation socio-cultural, security and safety, environment)
  - Transportation infrastructure
  - Buildings that facilitate economic development or employment
  - Mixed use developments
- If a proponent wishes to petition the Minister to issue an order, the proponent must submit a request to the Minister that would include information on:
  - Overview of proposed development.
  - Why the Minister's involvement is requested (e.g., development of provincial interest, timing/urgency; permitting process to date if applicable; other barriers) and preferable to the standard process in the *Conservation Authorities Act*.
  - Indication of whether the local municipality has endorsed the project and the request for Minister's involvement (e.g., by municipal letter or resolution).
  - Status of other required project approvals including the extent of any engagement with the conservation authority in the permitting process that the applicant has had to date.

## 2. Permits reviewed by the Minister

Existing requirements under the *Conservation Authorities Act* relating to requests for review under section 28.1.2 regarding permits where there is an order made by the Minister of Municipal Affairs and Housing under section 34.1 or 47 of the *Planning Act* and section 28.1 regarding all other conservation authority permits include:

- An applicant who has been refused a permit or had conditions attached to a permit by a conservation authority to which the applicant objects can, within 15-days of receiving reasons for the authority's decision, submit a request to the Minister for the Minister to review the authority's decision. Alternatively, an applicant also has the option to appeal the authority's decision to the Ontario Land Tribunal.
- After receiving a request, the Minister has 30-days in which to decide whether or not they intend to conduct a review. If the Minister decides to conduct the review, a notice shall be posted on the ERO (Environmental Registry of Ontario) within 30-days of a reply indicating the Minister intends to review the decision by the authority. If the Minister does not reply within 30-days of the request, this is deemed to indicate that the Minister does not intend to conduct a review.
- After conducting a review, the Minister may confirm or vary the authority's decision or make any decision that the Minister considers appropriate, including issuing the permit subject to conditions.
- The Minister is required to base the decision on same criteria concerning natural hazards and public safety that are considered by conservation authorities. This includes whether the activity is likely to affect the control of flooding, erosion, dynamic beaches or unstable soil or bedrock. It also must consider whether the activity is likely to create conditions or circumstances that, in the event of a natural hazard, might jeopardize the health or safety of persons or result in the damage or destruction of property.

### **Proposed additional requirements that would be set out in regulation include:**

- The Minister may conduct a review of a conservation authority permit decision only if the development activity pertains to or supports a development of specified provincial interest, including:
  - Housing (community, affordable and market-based)

- Community services (health, long-term care, education, recreation socio-cultural, security and safety, environment)
- Transportation infrastructure
- Buildings that facilitate economic development or employment
- Mixed use developments

Note: This criteria would not apply to permit reviews under section 28.1.2 regarding permits where there is an order made by the Minister of Municipal Affairs and Housing under section 34.1 or 47 of the *Planning Act*.

- The request submitted to the Minister for a review would include information on:
  - Overview of proposed development.
  - If the request relates to conditions imposed by the conservation authority to which the applicant objects, identification of the specific conditions that are subject to the request for review, the changes requested to the conditions and the rationale in support of the requested changes.
  - If the request relates to an authority's decision to refuse a permit, the rationale in support of requesting that the Minister varies the decision and issues the permit.
  - Why the Minister's involvement is requested (e.g., development of provincial interest, timing/urgency; permitting process to date; other barriers) and preferable to alternative mechanisms in the *Conservation Authorities Act*.
  - Indication of whether the local municipality has endorsed the project and/or the request for Minister's involvement (e.g., by municipal letter or resolution).
  - Status of other required project approvals.

## Regulatory impact analysis

By clearly communicating the circumstances under which the Minister would consider whether to issue an order to prevent a conservation authority from making a permitting decision and to make permitting decisions in place of a conservation authority or to review a conservation authority permitting decision, this proposal would ensure that development proponents pursue the appropriate permitting channel. Efficiently navigating the permitting process is

expected to help save proponents time and resources. We expect that there will be some minor administrative costs for development proponents based on the time needed to learn about and understand the proposed changes.

### **Resolution #24-12-02 – Urging the Government to Promptly Resume Assessment Cycle**

The Council of the Corporation of the Municipality of Huron Shores passed Resolution #24-12-02 at the Regular Meeting held Wednesday, April 10<sup>th</sup>, 2024, as follows:

“WHEREAS the assessment cycle is an essential process for maintaining the fairness and predictability of property taxes in our province;

AND WHEREAS the pause in the reassessment cycle has created uncertainty and instability in property taxation, impacting both residential and commercial property owners;

AND WHEREAS the government has delayed an assessment update again in 2024, resulting in Ontario’s municipalities continuing to calculate property taxes using 2016 property values;

AND WHEREAS both current and outdated assessments are inaccurate, increase volatility, and are not transparent;

AND WHEREAS frequent and accurate reassessments are necessary to stabilize property taxes and provide predictability for property owners, residents, and businesses alike;

AND WHEREAS the staff at the Municipal Property Assessment Corporation would benefit from further skills enhancement and training in assessments, recognizing the importance of ensuring accurate evaluations for 100% of our municipality;

AND WHEREAS the Government has announced a review of the property assessment and taxation system with a focus on fairness, equity, and economic competitiveness, and therefore further deferring new property assessment;

NOW THEREFORE BE IT RESOLVED THAT the Council of the Municipality of Huron Shores hereby calls upon the Premier to promptly resume the assessment cycle to ensure the stability and predictability of property taxes while the Government conducts its review of the property assessment and taxation system, or respond with an alternative method for every municipality in Ontario to achieve fair taxation;

AND THAT all Municipalities in Ontario and their constituents are encouraged to apply pressure to the Premier, daily, weekly, and monthly, to resolve the situation before it causes undo stress to everyone in the Municipality;

AND THAT a copy of this resolution be forwarded to the Premier, the relevant provincial authorities, the Municipal Property Assessment Corporation, and all municipalities in Ontario for their consideration, to make proper changes as quickly and efficiently as possible.”

Dear Premier Ford,

**Re: Motion regarding Accessible Ontario by 2025**

Please be advised that at its regular meeting of April 23, 2024, Loyalist Township Council passed the following resolution:

**Resolution 2024-93**

Moved by Councillor Proderick  
Seconded by Councillor Willis

**WHEREAS** the Accessibility for Ontarians With Disabilities Act (AODA) is ground-breaking legislation, created to help people with disabilities fully participate in society, bring them to the table in crafting regulations, and build mechanisms to enforce standards;

**WHEREAS** Rich Donovan, an expert in accessibility issues, was appointed as the Independent Reviewer of the Act in 2022, and in his 2023 legislative review declared a crisis as a necessary catalyst to get Ontario back on track for accessibility;

**WHEREAS** at least 2.9 million Ontarians currently live with a disability, representing at least 22% of the consumer base and the workforce, but due to barriers, Ontarians with disabilities are too often falling short of their full potential;

**WHEREAS** the AODA aims to develop, implement and enforce standards related to goods, services, accommodation, employment and buildings before Jan. 1, 2025, and municipalities, as the level of government closest to the people are at the front lines, developing, implementing and enforcing these standards without meaningful guidance on its implementation and/or enforcement by the Province;

**WHEREAS** people with disabilities and advocates note the slow pace of current and previous Ontario governments in implementing the AODA and there are growing concerns there will be no renewed push to keep accessibility issues at the forefront after 2025;

**WHEREAS** Loyalist Township is dedicated and committed to creating a welcoming environment so that all people may have equitable access to programs, goods, services and facilities, but making investments to achieve the AODA standards has been challenging given the lack of consistent and stable funding for municipalities to remove accessibility barriers;

**THEREFORE BE IT RESOLVED THAT** the Council of Loyalist Township strongly encourages action on the part of the Provincial Government to urgently:

- a) create a "Municipal Accessibility Fund" for municipalities to develop, implement and enforce AODA standards related to goods, services, accommodation, employment and buildings. Such a fund could be modeled after the Canada Community-Building Fund or the Ontario Cannabis Legalization Implementation Fund on a per household basis;
- b) to commit to working with municipalities to implement the Donovan Review immediate crisis recommendations;

**AND FURTHER THAT** a copy of this resolution be sent to Honourable Doug Ford, Premier of Ontario, Honourable Raymond Sung Joon Cho Minister of Seniors and Accessibility, Honourable Micheal Parsa, Minister of Children, Community, and Social Services, Honourable Sylvia Jones, Minister of Health, Honourable Paul Calandra, Minister of Municipal Affairs and Housing, the Federation of Canadian Municipalities, the Association of Municipalities of Ontario, and the Eastern Ontario Wardens Caucus, and all Ontario Municipalities for their support.

**Motion carried.**

Dear Minister,

**Re: Motion regarding Public Health Ontario Labs**

Please be advised that at its regular meeting of April 23, 2024, Loyalist Township Council passed the following resolution:

**Resolution 2024-94**

Moved by Deputy Mayor Townend  
Seconded by Councillor Willis

**WHEREAS** the mission of Public Health Ontario (PHO) is to "enable informed decisions and get actions that protect and promote health and contribute to reducing health inequities", there are grave concerns that the closure of six community-based PHO labs will increase health inequities, especially for rural communities; and

**WHEREAS** combined these labs collect and process thousands of water samples and time sensitive medical tests each day; and

**WHEREAS** there are grave concerns about the integrity of samples being compromised if travel time is increased by centralizing all tests to a few locations; and

**WHEREAS** these labs already process overflow tests and samples when labs such as Toronto and Ottawa cannot keep up to demand and many scaled up to meet demand during the COVID-19 pandemic; and

**WHEREAS** frequent drinking water testing services is vital for Ontarians who draw their water from private drinking water systems (i.e. wells) and protecting groundwater quality and quantity is a shared responsibility.

**NOW THEREFORE BE IT RESOLVED THAT** As stewards of care for the Safe Drinking Water Act, 2022, Council of Loyalist Township urges the provincial government to take caution against acting on the recommendations stated in the aforementioned audit report.

**AND FURTHER THAT** this motion be circulated to Honourable Sylvia Jones, Minister of Health, Shelby Kramp-Neuman MP of Hastings-Lennox and Addington, Ric Bresee MPP of Hastings-Lennox and Addington and all municipalities, for their support.

At its meeting of March 13, 2024, the Council of the Corporation of the Town of Bracebridge ratified motion #24-GC-053, regarding Resolution of Support Regarding Request to the Province of Ontario for New Provincial-Municipal Fiscal Framework, as follows:

**WHEREAS** the current provincial-municipal fiscal arrangements are undermining Ontario's economic prosperity and quality of life;

**AND WHEREAS** municipal revenues, such as property taxes, do not grow with the economy or inflation;

**AND WHEREAS** unprecedented population and housing growth will require significant investments in municipal infrastructure;

**AND WHEREAS** municipalities are being asked to take on complex health and social challenges – like homelessness, supporting asylum seekers and addressing the mental health and addictions crises;

**AND WHEREAS** inflation, rising interest rates, and provincial policy decisions are sharply constraining municipal fiscal capacity;

**AND WHEREAS** property taxpayers – including people on fixed incomes and small businesses – can't afford to subsidize income re-distribution programs for those most in need;
