Purpose & Background:

The Township of Brudenell, Lyndoch and Raglan (Township) has issued this request for proposal (RFP) in search of a qualified and experienced contractor (hereafter referred to as the 'Contractor') for the processing by size reduction (i.e., shredding, grinding, etc.) of construction, demolition (C&D), and bulky waste materials currently stockpiled at the Township's Brudenell waste disposal site, located at **6824 Brudenell Road**.

The Township owns and currently operates one (1) waste disposal site, the Brudenell site, and two (2) waste transfer stations, all equipped with rural recycling depots.

In 2017, the Township received approval from the Ministry of the Environment (MOE) to stockpile C&D, and bulky waste materials for size reduction purposes and use as an alternate cover material source.

The stockpiled construction, demolition, yard waste and bulky waste materials are in one (1), non-segregated pile, and consist of the following types of materials:

- Wood debris, including painted, and pressure treated materials, wooden beams, railway ties, possible steel.

- Shingles, and roofing waste.
- Furniture, including mattresses, couches, chairs, and sofa beds.
- Drywall and equivalent materials.
- Concrete (may contain rebar/mesh), brick, concrete block.
- Tree stumps, branches, etc.
- Other 'like' materials associated with C&D and bulky waste related activities.

The Township estimates the existing stockpile volume to be approximately 2,500 cubic meters in 1 pile. The Contractor is responsible to determine actual volumes for tendering purposes as this volume will be lump sum up to closing date of 12:00 PM September 4, 2024.

The Township wishes to complete the size reduction processing on the currently stockpiled material at the Brudenell site as soon as possible, and at a minimum of by **November 15, 2024**.

2. REGISTRATION FORM

Packages will be available for pick up in person (@ .15 cents per page copied), by email, or via the Township website at www.blrtownship.ca
